---

MONTGOMERY—State Treasurer Kay Ivey issued a report today to the citizens of Alabama detailing 39 cost savings and good government practices initiated in her office since January. The five-page report identifies 17 cost savings totaling over \$700,000 in annual cost savings, and contains 22 examples of good government practices.

**“When I campaigned for the job of State Treasurer, I told the people of Alabama I would be an administrator of the office, and not just a politician,” Ivey stated. “I have worked hard during the first six months of my term to be a responsible steward of state funds, to streamline the functions and processes in the office, and help restore trust and confidence in state government.”**
